

LOOKING FOR YOUR DREAM JOB?

Automation/Process Control Engineer

We value your skills and will provide you with the opportunity to develop them. Whether you are an experienced programmer or dropped out of school, we have the right job for you. Quick entry into an attractive and innovative work environment and a variety of tasks and responsibilities in a good team are guaranteed.

Minimum annual gross salary according to the metal industry collective agreement: € 30,800

A higher salary is possible depending on your qualifications and prior experience.

Place of employment: Graz (A)

Your responsibilities:

- Design and implement control and visualization programs
- Commission plants in Austria and abroad

Your qualifications and skills:

- HTL or FH diploma (automation engineering, electrical engineering, or control engineering)
- Experience in commissioning process plants and/or using SPS or SCADA systems highly preferable
- Flexibility and ability to work in a team
- Willingness to travel

We look forward to receiving your application for one of our job openings at:
