

LOOKING FOR YOUR DREAM JOB?

Junior C/C++ Developer

We value your skills and will provide you with the opportunity to develop them. Whether you are an experienced programmer or dropped out of school, we have the right job for you. Quick entry into an attractive and innovative work environment and a variety of tasks and responsibilities in a good team are guaranteed.

Minimum annual gross salary according to the metal industry collective agreement: € 37,800

A higher salary is possible depending on your qualifications and prior experience.

Place of employment: Graz (A)

Your responsibilities:

- Enhance automationX-core-modules
- Implement new modules and services
- Develop and execute automated tests
- Programming with embedded systems
- Write technical documentation

Your qualifications and skills:

- Higher technical education
- In-depth software programming skills in C and C++
- Knowledge of Linux
- Strong interest in software development and technologies
- Team-oriented, open-minded personality

We look forward to receiving your application for one of our job openings at:
