

LOOKING FOR YOUR DREAM JOB?

Senior C# Developer

We value your skills and will provide you with the opportunity to develop them. Whether you are an experienced programmer or dropped out of school, we have the right job for you. Quick entry into an attractive and innovative work environment and a variety of tasks and responsibilities in a good team are guaranteed.

Minimum annual gross salary according to the metal industry collective agreement: € 49,000

A higher salary is possible depending on your qualifications and prior experience.

Place of employment: Graz (A)

Your responsibilities:

- Design and enhance AutomationX core modules
- Prototype and implement requirements
- Test and introduce new techniques and technologies

Your qualifications and skills:

- Development experience with .NET Framework/C#
- Sound knowledge of object-oriented programming
- Experience with relational databases (preferably Microsoft SQL Server)
- Experience with web development (TypeScript, Angular)
- Strong interest in software development and technologies
- Team-oriented, open-minded personality
- Solutions-oriented approach

We look forward to receiving your application for one of our job openings at:
